Education

WAGENINGEN UNIVERSITY AND RESEARCH (8.2/10)

Master of Urban Environmental Management (Water System and Global Change)
WIMEK Honours research programme 2025-2026
Supervisor: [Dr. Maryna Stokol](#); [Dr. Ilaria Micella](#)

Wageningen, NL
Sep 2024 – May 2026

UNIVERSITY OF BRITISH COLUMBIA (83.7/100) [Dean's Honor List]

Bachelor of Urban Forestry (Green Space Management)
Supervisor: [Dr. Andrew Almas](#)

Vancouver, CA
Sep 2021 – May 2024

ZHEJIANG AGRICULTURE AND FORESTRY UNIVERSITY (87.7/100)

Bachelor of Forestry
Supervisor: [Prof. Yeqing Ying](#) & [Dr. Wenhui Shi](#)

Zhejiang, China
Sep 2019 – Jun 2024

Research Experience

Master Thesis and WIMEK Proposal

WAGENINGEN UNIVERSITY AND RESEARCH

Chair group of [Earth Systems and Global Change](#) (Water System and Global Change)

| Supervisor: [Dr. Maryna Stokol](#); [Dr. Ilaria Micella](#)

| Developing a hybrid framework for estimating microplastic retention rates in global river systems

| Writing proposal “Forever chemicals, diverse pathways: Integrated modeling PFAS across the land-river-sea continuum”

Wageningen, NL
Nov 2025 – May 2026

Research Assistant (Internship)

UNIVERSITY OF EASTERN FINLAND

Department of Environmental and Biological Sciences

| Supervisor: [Prof. Frank Berninger](#)

| Prepared for lab work and fieldwork, conducted multiple field samplings in Lapland, focusing on water sample DOC measurement and modelling

Joensuu, FI
May 2025 – Sep 2025

Research Assistant (Volunteer)

UNIVERSITY OF BRITISH COLUMBIA

Faculty of Forestry & Environmental Stewardship

| Supervisor: [Dr. Andrew Almas](#)

| Tree Inventory Analysis: based on over 130,000 City of Surrey tree inventory data, finding the potential pattern for the trees' location, mortality, species, and life span.

Vancouver, CA
Feb 2024 – Apr 2024

Course-based Research

UNIVERSITY OF BRITISH COLUMBIA

Faculty of Forestry & Environmental Stewardship

| Supervisor: [Prof. Melissa McHale](#) & [MSc. Cody Bingham](#)

| Personal Project: Investigating the Impact of Urban Structure on Surface Temperature at the University of British Columbia between 2014 and 2022 (mapping the urban structure at 30m resolution)

| Group Project: Changes in land surface temperature with urban development in Wesbrook Village (based on the random forest model to predict the future land surface temperature)

Vancouver, CA
Jan 2024 – Apr 2024

Research Assistant (Full Time)

UNIVERSITY OF BRITISH COLUMBIA

Faculty of Food and Land System

| Supervisor: [Prof. Risa Sargent](#) & [Dr. Jens Ulrich](#)
